

Integrated Care Conference

Strengthening Integrated Mental Health: Building Trust in Relationships with Patients, Providers, and Community

The ongoing challenges in mental healthcare call for critical innovations, rethinking approaches and strengthening our frameworks. Distinguished keynote speakers, thought leaders, and community voices will lead a variety of sessions to discuss ideas and generate solutions. Join a community of stakeholders to share ideas and learn about community-level innovations relevant to integrated care. Bring your insights so that we can work together to improve mental health care and health equity in the State of Washington and beyond.

Conference Highlights:

- ✓ Keynote by Henry Chung, MD, Senior Medical Director of Behavioral Health Integration Strategy at Montefiore Care Management Organization and Professor of Psychiatry at the Albert Einstein College of Medicine
- ✓ Keynote by Margarita Alegría, PhD, Chief of the Disparities Research Unit at Massachusetts General Hospital and Professor in the Department of Psychiatry at Harvard Medical School
