

**What is the scholarship process for the Integrated Care Conference 2023?**

If you are interested in a scholarship, please email [uwictp@uw.edu](mailto:uwictp@uw.edu) with your Name, Degree/Credentials, State(s) where you are employed, and a Brief statement about how receiving a scholarship would help you attend the conference.

**Can my whole group apply for a scholarship?**

We will consider scholarship requests on a case-by-case basis. Our goal is to include as many people as possible and allow clinics to bring their entire care team. We do not want to exclude anyone based on financial constraints. If there are people in your clinic who would only be able to attend with a scholarship, please have them reach out to us individually.

**What is included in the registration fee?**

The registration cost for providers who attend in person who are employed in Washington State is \$59 and this includes the welcome reception and two meals.

**Are all the conference sessions going to be located in the Graduate Hotel?**

Yes, all the conference sessions will be located in the Graduate Hotel. There is an option to attend virtually, however, only the keynote sessions and limited breakout sessions will be available.

**What integrated care model will the conference cover?**

This conference will be on integrated care in general, and not one specific integrated care model.

**Who can I email if I have any questions?**

Please email [uwictp@uw.edu](mailto:uwictp@uw.edu) for any questions or concerns.
